

Full-Time Global Exchange Application Instructions

First, do your research!

As you prepare for the Full-Time Global Exchange Application, please first:

- review our [list of partner schools](#)
- review [partner school fact sheets](#)
- review [student feedback, past participants, and slots](#)

When you are ready to apply:

1. **Short Essays:** Prepare two short essays addressing the prompts below. Please consider these essay questions to be general application questions. They do not need to be school-specific. They're meant to help us know you better as an applicant and understand what motivates your interest in global exchange. Short essay answers should be between 200 - 250 words. Tip: save your essays in a Word document so you can copy and paste them into the application form once it is live.
 - a. **Short Essay Prompt #1:** *Share a formative experience that you have had with a different culture. How did this experience change your views on people, business, community, or society?*
 - b. **Short Essay Prompt #2:** *Many students hope to study abroad during their time at Kellogg and it can be a competitive application. Why will the exchange experience be particularly meaningful for you?*
2. **School-specific Video(s):** Using Zoom, record a video answering the prompt below. Please record a separate Zoom video for each school ranked on the application. You can rank up to 3 schools in Round 1 and, again, up to 3 schools in Round 2. We recommend saving your Zoom recording(s) using the cloud option. When saved via Cloud, a recording link will be emailed to you from Zoom. You will be asked to copy and paste your video link(s) into the exchange application form. Please make sure each video is school-specific.
 - a. **Video Prompt:** *How do you think studying abroad at this particular school and/or in this particular country will impact you personally, academically, and in your future career?*
3. **Résumé:** You will be asked to upload a current résumé. Please update your résumé, if needed.
4. **Once the portal is live, you can [apply using this form](#).** Please note: The application portal will be accessible 48 hours before applications are due.
